

Witnesham Pre-School Report by Laura Kemp

Witnesham Pre-School continues to thrive and remains at full capacity, with a waiting list already in place for September. We are proud to continue working in close partnership with Otley and Witnesham Federated Primary Schools, supporting children and families across our local community.

As previously shared, our current building is no longer suitable for long-term use and is becoming increasingly unfit for purpose. After careful consideration, we have made the decision to relocate.

We are pleased to confirm that from September we will be moving into a purpose-built early years facility within the grounds of Otley Primary School. At this point, we will begin operating as Otley and Witnesham Nursery, reflecting our strong links with the primary school federation while continuing to serve families from Witnesham and the surrounding villages.

We believe this move will secure a sustainable and positive future for our setting, allowing us to continue providing high-quality childcare in an improved environment for many years to come.
